

# HOUSE MOUNTED FLAGPOLES / ACCESSORIES

## House Mounted Flagpoles — (Buy as a Kit or Buy Pieces Separately!)

Want a great looking house mounted flag kit but don't know where to start? Buy one of our flagpole kits! We've taken our most popular poles, brackets and accessories and added a quality outdoor nylon U.S. flag for a house mounted pole kit that is sure to do your home proud!

**Tangle-Free Kit** — Our absolute best! Includes our 6' (2 Piece) white aluminum tangle-free spinning pole, white aluminum Ultimate Bracket, and a 3 x 5' nylon U.S. flag. The adjustable bracket gives you the versatility to adjust the bracket to any angle you desire, while the internal ball bearings on the flagpole keep your flag from wrapping around the pole. Crisp display of our sewn stripes, embroidered star flag. A perfect combination!

Items can be ordered individually.

<b>Tangle Free Kit Special Combo Price</b>			<b>\$62.95</b>

## Tangle-Free Spinning Pole

Without a doubt our best pole ever! White aluminum topped with a gleaming gold ball or eagle. The secret to this pole is not even visible: the pole rotates on concealed ball bearings in the center of the pole. While the bottom half stays put in your bracket, the top half can rotate to keep your flag from wrapping around the pole. No more untangling your flag every time it gets windy! This pole is ideal for both flags with grommets and banner sleeves.

Item No	Description	Price Each
164	6'x1" 2 piece alum. pole (white)	\$19.95
166	5'x1" 2 piece alum. pole (white)	\$18.95
167	5'x1" 2 piece alum. pole with wood grain	\$21.95
168	6'x1" 2 piece alum. pole with wood grain	\$23.95
169	Eagle - for Spinning Pole	\$3.95

## Brackets

### 1-Position Polished Stainless Steel Bracket

This stainless steel bracket is not basic in its strength! If you are looking for a dependable bracket that will not break no matter how bad the weather conditions, this is the one for you.

BLOCK BRACKET	
ITEM NO.	PRICE EA.
310133	\$32.95

**Q:** What size flag and pole should I get?

**A:** To keep the flag from touching the house while flying, and becoming tattered more quickly, buy a pole that is 1 foot longer than the length of your flag. For a 3 x 5' flag, buy a 6 foot pole. For a 2-1/2 x 4' flag, go with a 5 foot pole.

**Q&A**
